“Since using Servoca we have not used any other agency. I feel that we have the perfect working relationship, communication is excellent. Any hiccup is dealt with immediately. We find you very helpful, always willing to help. The staff are polite, smart and professional. You listen to our concerns and act on them immediately. The rates are reasonable, and we wouldn't consider using anyone else. I promote Servoca with ease”

Who are Servoca Nursing and Care

Servoca Nursing and Care are healthcare recruitment specialists within Servoca Plc.

Delivering excellence in care

We focus entirely on providing trained, high-quality staff for nursing homes, residential care and supported living environments. Our focus on continuity of care and professional service to clients and candidates alike has helped build a reputation for quality and reliable temporary care staffing. We service a broad range of national and local care clients, enabling us to offer our care workers regular opportunities within a varied range of surroundings.

Our nurses, carers and support workers

We recruit, develop and support our nurses, healthcare assistants and support workers so they meet the most appropriate, recent and relevant experience for the field in which they wish to practice. We understand that our reputation is built on the competence and conduct of the staff members we supply to clients, and therefore recruit candidates based on their professionalism and work ethic. We offer on-going support through continued professional development courses across a wide range of disciplines.

Central recruitment and compliance

We have dedicated Central Recruitment and Compliance teams who rapidly expedite new candidates through a rigorous vetting process which includes:

- ✔ Interviews with a Registered Nurse of a higher grade
- ✔ Reference checks
- ✔ Fully enhanced DBS (formerly known as CRB)
- ✔ Right to Work and NMC Register check
- ✔ Occupational health screening

When you partner with us, you can be confident that we will place only the highest quality healthcare professionals

“
You and the staff you have supplied have been dedicated, reliable and a pleasure to work with. During staffing difficulties having a support network like yourself that reduces the need to continue to chase shift times and staffing has been an absolute God send. I would recommend Servoca as an exceptionally good agency and would also say that you have been the icing on the cake. Once again thank you for the work you have done and the support you have been.
 ”

“

The level of support is invaluable and just what we require from an agency. Given the option, I always contact Servoca over other agencies as I know they are more likely to provide regular staff on a quick turnaround. If unable to cover our outstanding shifts they inform us as soon as possible and always keep us informed, using open professional communication. In my experience they are a reliable agency with professional staff and are a pleasure to work with.
